Second Term Test	
Read the following carefully text than answer the questions	
There are no exact figures on the informal Syrian labour force in Ture 2.3 million registered Syrian refugees living in the country, according to them living in refugee camps. The rest have to provide a living for the support from the state. An expert from the Centre for Middle Eastern Strategic Studies has sufficient refugees are working illegally in the country, with a recent Humber claiming that child labour is widespread. Many reports of illegal working sector that is considered the country's second largest industry and a European market. Turkey's policy -until this month- had treated Syrians as temporary work, thereafter, refugees could only work informally, usually with employment benefits. Because you cannot work legally, there is no join always late; right now our pay is six days overdue and I have bills to prefugee stated. However, the Turkish government last week announced new regular Syrian who has been in the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the minimal state of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the sum of the country for six months to apply for a work process of the country for six months are sum of the country for six months for the country for the country for the country	o the UN, with about 99 mselves with no financial aggested around 250,000 man Rights Watch reporting come from the textile a major supplier to the guests, with no right to security Our pay is pay.", 28-year-old Syrian tions that will allow any permit. A key aim of this num payment.
